

# DIGITAL LOCKSETS

The Carbine Digital Locksets are a next generation product. Here's why:

It has a full lever handle on the inside rather than just a small knob. This makes it much more user-friendly. It is also the first digital lockset to come with its own stainless steel fitting plate. In this way you can easily retrofit a standard lockset. The existing hole in the door will be covered without the installer having to custom-make a fitting plate. In addition, this lock is fire-rated!

## Features:

- Includes all components for fitting
- Heavy duty finish
- Suits both right and left handed doors
- Suits new and retrofit applications
- Easily changeable user codes
- Lever AND deadlatch / mortice models available
- Easy grip outer knob

## Specifications:

- 2 hour fire rated
- Lever model has a 60mm latch backset
- Lever model has a 70mm latch backset option
- Mortice model retrofits most popular brands
- Parts packs available for each model
- Trim plates cover 54mm holes
